Hydro Shine®

VOC Compliant Quick Polymer
For a Lasting, Wet Shine

No. 69-QT

Hydro Shine® is a super quick high gloss polymer for use on wet exterior surfaces. Provides a lasting shine to all types of painted, plastic, chrome and glass surfaces. Also enhances rubber side molding and trim, without blushing or whitening. Non abrasive. Easy to use; just spray and wipe. New improved formula is VOC compliant and better than ever.

Abrasive Meter

- VOC Compliant
- Super Quick
- Easy On/Easy Off
- High Gloss Polymer

Shake well. Apply Hydro Shine® to a clean dry towel.

Rub Hydro Shine® onto the vehicle's wet surface.

Buff to a high gloss with a second clean, dry terry or micro fiber towel. To avoid streaking, do not let product dry on surface. Do not use in direct sunlight.
