GLOSS!

Premium
Water Based Dressing No. 60

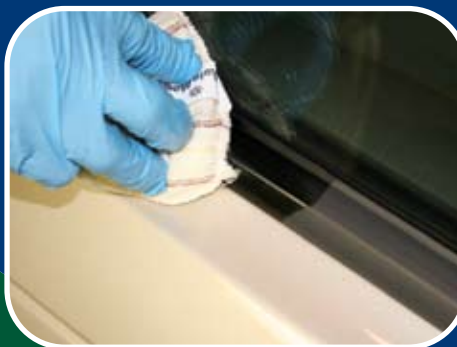

XP Cool Blue™ is a premium water-based dressing that will dress any exterior molding, tire or vinyl bumper. It has the shine and durability of any solvent-based dressing, making it the perfect VOC compliant exterior dressing. It is also safe and effective as an interior dressing. Disperses water better than any current water or solvent based dressing.

- A Solvent Replacement!
- Excellent Plating Ability!
- Multi-Purpose!

XP Cool Blue™ can be sprayed directly onto the tires/engine and left to dry. It can be sprayed on wet or dry surfaces.

Apply the dressing to all other areas using an applicator pad.

Allow the product to set-up and then remove any excess product with a clean damp towel.
