- **All-in-one-kit! Part 88700**

Clay Magic INSTRUCTIONS

1. Pour **Super-Concentrated Glass Magic** packet into a clean spray bottle (up to 32 ounces in size) then fill with water. Shake well.
2. Clean the glass with **Glass Magic** to remove loose debris.
3. Mist **Glass Magic** onto glass, then rub the **Clay Magic® Glass Cleaning Clay** over the wet area in 5 to 6 passes (or until you feel the roughness is removed). Remove any residue with a clean, soft microfiber towel. Check the condition of the clay and reshape if dirty before moving on to the next section.
4. Follow up with **Glass Magic** and wipe dry to complete the glass cleaning process.

NOTE: Discard clay if dropped on the ground.
